#### U.S. PATENT DOCUMENTS

| * |   | Document Number<br>Country Code-Number-Kind Code | Date<br>MM-YYYY | Name                 | Classification |
|---|---|--|-----------------|----------------------|----------------|
| * | A | US-6,262,206                                     | 07-2001         | Nesvadba et al.      | 526/220        |
| * | B | US-5,807,937                                     | 09-1998         | Matyjaszewski et al. | 526/135        |
|   | C | US-  |                 |                      |                |
|   | D | US-  |                 |                      |                |
|   | E | US-  |                 |                      |                |
|   | F | US-  |                 |                      |                |
|   | G | US-  |                 |                      |                |
|   | H | US-  |                 |                      |                |
|   | I | US-  |                 |                      |                |
|   | J | US-  |                 |                      |                |
|   | K | US-  |                 |                      |                |
|   | L | US-  |                 |                      |                |
|   | M | US-  |                 |                      |                |

#### FOREIGN PATENT DOCUMENTS

| * |   | Document Number<br>Country Code-Number-Kind Code | Date<br>MM-YYYY | Country | Name | Classification |
|---|---|--|-----------------|---------|------|----------------|
|   | N |  |                 |         |      |                |
|   | O |  |                 |         |      |                |
|   | P |  |                 |         |      |                |
|   | Q |  |                 |         |      |                |
|   | R |  |                 |         |      |                |
|   | S |  |                 |         |      |                |
|   | T |  |                 |         |      |                |
